

# We Value

Respect for individuals

Choice for participants

Individualized supports through person centered planning

Family participation & support

Inclusion in the community

A safe & nurturing environment for all

PASS services are designed around support for the individual and family. We offer service plans with extended hours and flexible schedules to meet the needs of clients, caregivers and family members. Our 3-tier fee structure is designed to match client needs with staffing resources while maintaining a higher than average staff to client ratio – one of the hallmarks of the PASS ‘model’.
